

Reimbursement for ME350 Project Materials

- Scan your **itemized receipts** for **materials that you bought for the ME350 project**. The instructional team will allow purchases totaling **up to \$100 per team** for any new materials purchased specifically for the project. If you have questions on what is allowed, send an email to mumbriac@umich.edu .
- ***Within 40 days of making the purchase***, send an email to meadminsupport@umich.edu asking for reimbursement. **You must CC mumbriac@umich.edu on this email. In this email you must include:**
 - The scans of the itemized receipts.
 - The course number (ME350)
 - **Your Team Number**
 - The description of what was bought (“Materials for ME350 Project.”)
 - The name and home address of the one person on your team who will receive the reimbursement check.

Requests received after 40 days of making the purchase are at risk of not being reimbursed. If you think that you might make another purchase, you can submit an additional request at that time, if the total for all purchases is less than \$100.

- The ME Admin office will review the email request. If it gets approved, they will send a check to the requestor’s home address.
